PERSONAL INTRODUCTION

Personable and enthusiastic individual with high aspirations to carry out an impactful career in cybersecurity. Also, a current M.S cybersecurity student with five years of experience working in information technology audit, accounting, and risk assurance. A self-starter who strives to widen his range of skills with the tools, qualifications, and training necessary to secure an organization's cyber landscape, personnel, and digital assets.

CYBERSECURITY SKILLS

- ◆ CompTIA Security+ ◆ Digital Forensics ◆ Wireshark ◆ Palo Alto Network ◆ Microsoft VBA ◆ Zero Trust Security
- ◆ CompTIA Network+ ◆ Incident Response ◆ Autopsy ◆ Nessus Essentials ◆ SQL & DBMS ◆ NIST SP 800 & CSF
- ◆ ITGC Audit Controls ◆ TCP/IP Stack ◆ Splunk ◆ Virus Total ◆ HTML & CSS ◆ GDPR & SOX404
- ◆ IT Risk Assurance ◆ Linux & Windows ◆ Tableau ◆ ServiceNow & Jira ◆ Intro to C++ ◆ MITRE ATT&CK

GRADUATE & UNDERGRADUATE EDUCATION

M.S IN DIGITAL FORENSICS AND CYBERSECURITY

John Jay College of Criminal Justice (*GPA: 4.00*)

Excepted May 2022

New York, NY

- ◆ Coursework: Network Security, Cyber Risk Assessment, Vulnerabilities of OS, & Laws of High-Tech Crime.

B.B.A IN ACCOUNTING AND MINOR IN INFORMATION SYSTEMS

Bernard Baruch College, Zicklin School of Business

Received May 2019

New York, NY

- ◆ Coursework: Financial Accounting, I.T Audit, Data Mining, & Psychology of Motivation.

RELATED PROJECTS

- ◆ Network Forensics: Analyzed network traffic with Wireshark to detect brute force attempts, identify flooding attacks, and review web traffic.
- ◆ Digital Forensics: Investigated device images including file systems, logs, messages, media, and GPS to uncover evidence of criminal activity.
- ◆ Tenable Nessus: Performed custom scans to identify known vulnerabilities using host enumeration, port scanning, and service discovery.
- ◆ Palo Alto NGFW: Configured and deployed a firewall to monitor App ID, User ID, and Content ID for possible indicators of compromise.
- ◆ MITRE: Utilized ATT&CK Navigator to perform a risk and gap analysis by mapping capabilities and prioritizing investment opportunities.

RECENT WORK EXPERIENCE

SENIOR IT AUDITOR (*INTERNAL AUDIT*)

SS&C Technologies (*NASDAQ: SSNC*)

November 2017 – April 2021

New York, NY

- ◆ Contributed in the planning, testing, and reporting phases of several internal audit engagements for SS&C Corporate and its subsidiaries covering ITGC audit controls related to logical access, change management, financial accounting, business continuity, and user training.
- ◆ Supported Internal Audit Management initiatives to develop effective and consistent test plans by standardizing control testing methodologies and verbiage across all business units to align control structure, streamline requests, and improve testing efforts by 50%.
- ◆ Utilized excel analytics to format reports and created custom scripts to perform automated analysis of data sets reducing manual efforts, as well as achieving 100% population testing, and delivering comprehensive and complete results while pinpointing areas of higher risk.
- ◆ Analyzed various application and database scripts for completeness and accuracy as well as collaborated with Application Owners and Administrators to automate delivery of system generated reports tailored to audit requirements on a regularly scheduled basis.
- ◆ Routinely presented clear and concise reports to Internal Audit team and Senior Management summarizing progress toward audit deliverables, communicating areas of concern, and providing recommendations for operational improvements.
- ◆ Consolidated audit data and built custom dashboards and visuals to summarize audit findings and track corrective action plans.
- ◆ Performed root cause analysis on audit findings and coordinated corrective action plans with Control Owners and Management.
- ◆ Updated and maintained internal audit documents including control narratives, business process maps, and risk and control matrix.
- ◆ Acted as a liaison between Management and External Auditors to facilitate communication and timely delivery of audit artifacts.
- ◆ Participated in ongoing training efforts to improve audit skills and remain up-to-date with relevant industry regulations and standards.

INTERESTS AND HOBBIES

- ◆ Residential Construction & Sales ◆ Playing Basketball & Watching Sports ◆ Photography & Editing ◆ Fun Facts & Trivia
